1-2-1 Readings

Working with spiritual energies, we aim to connect with loved ones and link with their energy. Demonstrating proof of existence, reliving memories and sharing messages.

Intuitive Card Reading

A three card reading, supported with psychic and spiritual guidance. Using Oracle, Angel or Tarot cards, Tracey will link with the universal energies and provide you with messages and insights to assist you on your life path

Psychic Readings

For those who do not wish to communicate with spiritual energies, we offer psychic readings. These can be using a personal article ie an item of jewelry or something that has only belonged to the sitter. Information about you and insights to assist you on your life path.

Tracey has over 30 years' experience and training working with psychic and mediumistic development and continues to sit, learn and extend her skills.

Service available to any persons over the age of 18.

Donations are gratefully received for my time only.

We offer group sessions, demonstrations and party bookings
